

# Preparing Science Professionals

A Symposium for Finding Direction in a Changing World

Are you a high school junior or senior, an undergraduate, or a graduate/professional degree candidate looking for ways to explore career possibilities in STEM disciplines?

Join us for this science outreach and communication career workshop to gain insight into different science career paths and to take part in interactive training in communication, outreach and professional development.

**Save the Date**

**Sept. 29 – 30, 2017**

**University of Kentucky**

**Lexington, Kentucky**
