Opportunity for Part-Time Independent Contractor Work - Arboricultural Services

Urban Canopy Works, LLC is offering part-time employment as an independent contractor performing fieldwork and data analysis for a variety of urban forest and traditional forest management projects.

Urban Canopy Works (UCW) is a small, women-owned business based in Boone County, KY in the Cincinnati metro area. We offer specialized consulting in urban forest management and planning and arboricultural services. For more information on UCW and our work go to www.urbancanopyworks.com.

The immediate need for assistance is to help complete a tree and shrub inventory on the Grounds of Buffalo Trace Distillery in Frankfort, KY. The position will be responsible for identifying ornamental trees and shrubs and entering location, plant attributes, and management recommendations into an online platform of an inventory database management software using a smartphone. Applicants must have education and experience with plant care, woody plant material identification, landscape maintenance, and GIS.

UCW may also have another work opportunity to assist us performing a forest quality assessment for Buffalo Trace. The tasks would include field and office work to locate and typify the forest cover and identify and quantify invasive species populations.

Other work opportunities performing urban forestry inventory, data analysis, internet research, and other related services may arise as UCW secures additional contracts and projects throughout the year.

The pay rate is $20.00 per hour, and UCW can pay bi-weekly or monthly. We offer flexible hours including evenings and weekends, and can offer up to 20 hours per week. Independent contractors must provide their own computers, transportation, smartphones, and PPE when required. Hourly pay must cover all expenses. A work agreement must be signed.
